## SUMMARY

Client Success Operations Project Manager driving strategic RCM solution scaling through AI automation and process optimization. Expertise in architecting agentic AI tools, cross-functional alignment, churn management, and enabling CA capacity scaling. Track record of leading \$100M+ business units and delivering enterprise-scale healthcare implementations.

---

## TECHNICAL SKILLS

- Project Management: Salesforce, JIRA, Asana, ServiceNow, Microsoft Project
- AI & Automation: Agentic AI tools, NotebookLM, Gemini, Google Apps Script
- Analytics & Reporting: Power BI, Data Integration, Salesforce Reporting
- Software & Tools: BlueWorks Live, Visio, WMS, ETQ, SharePoint, Microsoft Office Suite
- Certifications: Certified Scrum Master (CSM), Lean Six Sigma Green Belt

---

## EXPERIENCE

### RCM Operations Project Manager | Modernizing Medicine (ModMed)

*RCM Client Success Operations* Feb 2026 - Present

- Architecting AI-driven automation infrastructure to support a targeted 3x RCM client growth trajectory — reducing Client Advisor manual workload by 30% through agentic AI tools, NotebookLM, and Gemini to enable scalable operations without proportional headcount increases.
- Designed and launched a structured RCM Client Retention Program targeting churn reduction from 13% to a 10% stretch goal, implementing a 5-stage risk funnel (Risk Identified, Verbal Intent, Formal Notice, Attrition, Churn) with manager-vetted mitigation plans tracked in Salesforce and reviewed via weekly tiered leadership cadence.
- Managed 600 RCM client accounts (\$100M+ ARR), monitoring Annual Transaction Revenue (ATR) exposure across at-risk accounts to protect \$12.7M+ in at-risk revenue, maintaining churn below industry benchmarks through proactive risk identification, mitigation planning, and client enablement.
- Served as Voice of Customer for RCM product, synthesizing churn driver data across 10+ risk categories (cost, performance, quality of support, scope/contract expectations) into strategic product and operational recommendations, coordinating deliverable tracking via JIRA.
- Coordinated cross-functional alignment between Business Ops, CS Ops, and product teams to execute RCM retention and scaling initiatives, reducing implementation bottlenecks and improving time-to-value for high-priority accounts.

### Senior Project Manager | Modernizing Medicine (ModMed)

*EHR Implementations* Jun 2024 - Feb 2026

- Orchestrated end-to-end cloud-based EHR software implementations for medical practices across the US in Orthopedics, Ophthalmology, Dermatology, Plastics, and Podiatry specialties, managing \$1M+ software deployment budgets.
- Achieved 20-50% increases in patient volume for implemented practices through ModMed EHR efficiency gains, driving estimated 15-20% revenue growth and demonstrating strong ROI for practice stakeholders.
- Incorporated AI to compress implementation timelines from 90 to 75 days, improving data conversion velocity and accelerating go-live dates while maintaining quality and stakeholder trust.
- Led cross-functional teams of up to 15 individuals, coordinating resource allocation and practice staff engagement to ensure smooth EHR adoption and minimize post-implementation issues.
- Maintained sub-3% churn rate through proactive communication, regular stakeholder check-ins, and rapid escalation resolution, protecting implementation revenue and preserving long-term customer relationships.
- Deployed Salesforce for comprehensive project and client data management, enabling real-time contract lifecycle oversight, deliverable tracking, and budget control across all implementations.

## **Global Program Manager | Arrow Electronics**

*Apr 2022 - Feb 2024*

- Spearheaded collaboration with MIT's Computer Science and AI Lab (CSAIL) on OCR technology integration, optimizing Arrow's business processes and delivering \$10M+ in enterprise value.
- Drove global ICS2 compliance project for air cargo imports into the European Union, streamlining customs processes and preventing millions in potential held-material losses.
- Led optimization of Arrow's largest PDC Inbound processes, achieving annual savings exceeding \$300K through process simplification and operational efficiency enhancements.
- Instituted strategic improvements to team onboarding and training for Center of Excellence group, improving resource allocation and increasing project delivery efficiency.
- Managed Mexico-based project leveraging OCR technology to optimize supplier data entry, targeting \$91M in revenue protection through process automation and error reduction.

## **Production Supervisor | Top Cap - Panasonic Energy of North America**

*Jul 2021 - Apr 2022*

- Drove \$2M in annual savings by reducing operator downtime by 32% through preventive maintenance and process optimization.
- Improved quarterly production by 20% through effective machine downtime management and resource allocation.
- Led mentorship and development of 25+ Lean Six Sigma Yellow Belts, increasing quality, reducing safety incidents, and fostering a continuous improvement culture.
- Decreased annual operational costs by 14% through aluminum waste minimization and lean manufacturing principles.

## **PREVIOUS ROLES**

---

### **Shift Lead | Top Cap - Panasonic Energy (Jun 2020 - Jul 2021)**

Spearheaded 25% production increase through process enhancements; achieved 50% defect reduction; reduced turnover 50% through mentorship; recognized as All-Star performer.

### **Machine Operator | Panasonic Energy (Jun 2019 - Jun 2020)**

Optimized automated storage systems; earned Lean Six Sigma Yellow Belt certification.

### **Operations Manager | Smith's (Jun 2018 - Jun 2019)**

Orchestrated high-performing store operations generating \$40M+ annual revenue; guided 100-member team to 10%+ yearly sales growth; achieved 18% reduction in safety incidents.

### **Process Specialist | Hamilton Company (Feb 2018 - Jun 2018)**

Implemented safety-centric culture reducing turnover 50%; exceeded production and quality targets by 15% quarterly.

### **Quality Analyst | Valeo (Oct 2017 - Feb 2018)**

Facilitated leadership-team collaboration; cross-trained across all departments.

### **Assistant Store Director | Safeway (Apr 2013 - Apr 2017)**

Directed multi-store operations achieving 12% yearly sales increase; managed 120+ employees; oversaw inventory, marketing, and safety protocols.

## **EDUCATION**

---

### **Truckee Meadows Community College**

Business Administration & Radiology | Oct 2011 - Apr 2013
